Dear Parents / Guardians,

### Invitation to participate in Earth Hour

At CPS, we prioritize instilling in our students a deep understanding of environmental stewardship and the importance of collective action in looking after our planet. This year we extend a warm invitation to you and your family and friends to join us for Earth Hour 2024.

Earth Hour is a global initiative during which millions of individuals worldwide switch off their lights for one hour to raise awareness about pressing environmental issues such as climate change and loss of nature, and demonstrate their dedication to environmental conservation. This symbolic gesture sends a powerful message of unity and commitment to action.

This year, with the support of our Parent Support Group, we are encouraging our school community to participate in Earth Hour by turning off non-essential lights and electronics on **Saturday 23 March from 8.30 – 9.30 pm and give an hour for Earth by doing something positive for our one shared home.** Together, we can collectively demonstrate our solidarity with the global sustainability movement and inspire meaningful discussions about environmental responsibility.

We invite you to join us as we switch off the lights, engage in conversations about environmental stewardship, and empower future generations to become advocates for our planet. To show your support, please send us a **picture** of your family & friends taking action for the environment during Earth Hour through this link (by Monday 25 March): <https://qo.gov.sg/cps-earth-hour>

WWF-Singapore is also hosting an all-day, free to join Earth Hour Festival on 23 March filled with many family friendly activities and workshops - for more information, please visit [www.wwf.sg/earthhour](http://www.wwf.sg/earthhour).

Thank you for your support and commitment to sustainability. We look forward to your partnership to make this an exciting and meaningful event.

Yours sincerely,
