

29 April 2024

Ref: CPS 2024-141

Primary 3
Social Studies Field Based Learning to Marina Barrage
Date: 8 May 2024 (Wednesday)

Your child/ward will be visiting Marina Barrage and walk around the reservoir to see how it creates a freshwater lake to boost Singapore's water supply, how it acts as a tidal barrier (due to its proximity to the sea) to prevent flooding in low-lying areas as well as how in land scarce Singapore, it is integrated as a lifestyle attraction. This is in line with their Social Studies curriculum of "Understanding Singapore's environment and challenges".

Students will report to school as usual on that day. They will embark on their learning journey during curriculum time. Transport will be provided to the venue and back to school. Every class will be accompanied by teachers and instructors. Students will be given snack break during the learning journey and after they are back from school.

Please be informed that all students will be dismissed at 1.30pm as per normal. It will be as usual for students who are taking the school bus home and for those who are attending student care in school, as well as those attending after school programme.

Important things to note:

- Please ensure that your child has his/her breakfast before arriving in school.
- Please pack some snacks and a water bottle so that your child/ward can consume it when appropriate snack breaks are given to him/her.
- Students will not be allowed to purchase any food and / or drink during the learning journey.
- Please remind your child to bring along writing materials, a cap and a poncho.

Kindly acknowledge your child's/ward's participation in this learning journey by **6 May (Monday) 2024**.

If you need further clarifications, please do not hesitate to contact me via WhatsApp at 64999237.

Thank you.

Yours sincerely,

Ms Huang Yinqi
